

**Stephanie Sampson**  
**Director of Communications**  
**LAX Landside Access Modernization Program (LAMP)**

Stephanie is the Director of Communications for Los Angeles International Airport's (LAX) Landside Access Modernization Program (LAMP), overseeing all aspects of communications and community outreach for the \$5.5 billion project which includes an Automated People Mover train system, Intermodal Transportation Facilities and a Consolidated Rent-A-Car facility. In this role, Stephanie manages the day-to-day communication efforts, working closely with the developer teams, to ensure stakeholders and community members receive updates on developments and impacts during construction. She also sits on the LAX Coastal Chamber of Commerce Board of Directors and is the liaison to the Gateway Los Angeles Business Improvement District.

Prior to joining LAX, Stephanie worked in sports communications. She earned her Master's Degree in Sport Management and her Bachelor's Degree in Communications from Cal State Long Beach.
